**READING RATE**

An average American reads at a rate of about 250 words a minute. New techniques in rapid reading are said to increase the reading rate by several times that word volume.

**Construction Contracts Let for 23 Jobs in Fifteenth District**

Contracts for 23 construction jobs, with a total value of \$169,285, were awarded in the 15th district during the first six months of the year, according to a semi-annual report released today by Councilman

John S. Gibson. Assessment act proceedings, in which costs are chargeable to adjacent property owners, accounted for \$109,512. Public fund expenditures totaled \$59,773.

Assessment act projects included paving of portions of five streets, nine alleys and one sanitation sewer. Cash fund expenditures were for land acquisition, street improvement, traffic signals and tree trimming.

During the first six months of the year, 21 new petitions for improvements were filed. TOTAL of such jobs now in various stages of process increased to 62 as against 60 at the start of the year.

Councilman Gibson said that the 15th District still was ahead of other districts in speed of processing such jobs, with an average of 20 months for the 15 jobs going to contract.

Right-of-way delays on one job, which extended it past the three year mark, raised the average from 19 months of the last six months of last year. The councilman predicted that at least 20 assessment jobs would go to contract during the final six months, and that the backlog would be reduced to a new low mark before next January.

**NOTICE OF INTENDED SALE**
